

Edit Device Fields

What

A device can have many fields both custom and built-in.

When/Why

Use this option when a single device needs its inventory fields updated.

For changing many at once see [Upload Devices and/or Data](#)

How

...

1. Use the ellipsis () to the right of the device in the [View - Devices](#) and select "Edit Device Fields"
2. From the edit device fields UI add, edit, or delete existing fields
3. Select "Save" when done
