

# View - Licenses Overview

## What

The Licenses View shows us licensing information for VPP related apps.

## When/Why

This is a great view within the WebAdmin to take the temperature of the environment as far as licensing availability for VPP. Policing this view occasionally can help us avoid some of those "surprises" that pop up from time to time.

## How

Note that this view gives us excellent summary information on available licenses:

FileWave Admin

Model Number: 78
