

Viewing Reports

What

Viewing (Opening) a Report is simply done to see the contents of the report.

When/Why

From this view, we can see our detailed line items and make conclusions based on what we see. For instance, in the below we might review this report and say to ourselves "We need to update our payloads for Firefox for both Windows and macOS devices:

Product ID	Name	Version	Size	Install Size	Is Validated
	Mozilla Firefox 52.0.2 (x64 en-...	52.0.2		102 MB	
org.mozilla.firefox	Firefox.app	52.0		183 MB	
org.mozilla.firefox	Firefox.app	64.0.2		140 MB	
org.mozilla.firefox	Firefox.app	79.0		200 MB	
org.mozilla.firefox	Firefox.app	72.0.2			

14.0.1-9500568202

How

Actually viewing a report is as simple as clicking on the report name in the list. Alternatively, you can click on "Open Report" from the action menu. Note that when you are viewing a report, you can get to the report definition (and edit from there) by clicking on the Details button highlighted below:
